Services Held In Tenn. For Mrs. Sadie Rawls

Funeral services for Mrs. Sadie Rebecca Rawls, 67, a resident of Belle Glade for over 30 years, were conducted at 2 p. m. Tuesday at Philip-Robinson Funeral Home in Hendersonville, Tennessee. Interment was in Spring Hill Cemetery, Madison, Tennessee.

Mrs. Rawls passed away at Nashville Memorial Hospital at 6:15 Monday following major surgery on Saturday at the hospital. Although in ill health for sometime she was reported much improved and expected to return to her Belle Glade home at 506 SE 5th St. later this month. Kathryn Rawls, oldest daughter, had been with her mother since W. J. Rawls her father passed away on July 9.

A native of Tennessee, Mrs. Rawls came to Belle Glade in the early 30's from Ft. Lauderdale. She was a member of the Community Methodist Church.

Survivors include four daughters, Mrs. Kathryn Rawls, White Sulphur Springs, Va., Mrs. Evelyn McKee and Mrs. Peggy Wedgworth, both of Belle Glade, Mrs. Dorothy Williams, Norfolk, Va., one son Major W. J. Rawls, Jr., San Antonio, Texas, 18 grandchildren.

6-yr.-old lad Scheduled For Open Heart Surgery

A six-year-old Belle Glade lad, scheduled for open heart surgery soon, goes his merry way very much unconcerned about it all, and appearing to be a healthy, normal child.

The parents of Stephen Lynn Morris learned of the needed surgery when the child spent three days in Children's Cardiac Hospital, Miami, early this month, a cardiac catheterization test determined a closure of a heart valve.

A heart condition was first detected when the child was 2½ years old, the mother, Mrs. J. E. Morris said, and he has had regular annual checkups since that time.

STEPHEN MORRIS

This fall, Stephen, registered for school, but his parents were advised against his attending. "I'm a first grader," Stephen reported with a toothless grin. "I went one whole day."

Meantime, Stephen is eagerly anticipating Santa, Wedgworth flew to Nashville Sunday to be with their mother and George Wedgworth, flew there on Tuesday.

and daily limited activities, while his parents are making arrangements for open heart surgery right after Christmas.

Doctors have assured a 95 percent chance of complete recovery.

The little fellow, son of Mr. and Mrs. J. E. Morris, 1326 N. W. 12th St., has an older brother Jerry, and a younger one, Ronnie. He is the grandson of Mr. and Mrs. Arthur Mann, Belle Glade.

Zumpf Purchases Braddock Construction

The Zumpf Construction Co., Inc., has purchased the assets of the Braddock Construction Co., effective Friday, Nov. 5th, and will continue in the home-building field with the prefabricated units as Franchised Distributor for U. S. Steel.

Mr. Zumpf is proud of the announcement by US Steel that the Braddock company has a record of the greatest dollar volume of business of any dealer in the Southern Division, composed of La., Ala., Miss., Ga., and Florida, as he has been Sales and General Manager of its activities.

Mr. Zumpf is active in PTA, Rotary, Elks, the American Legion and other civic groups of the community. He is a graduate engineer from the University of North Dakota, having completed his formal education after more than five years in the armed forces, with 42 months in the Southwest Pacific.

The Zumpf family home is on NE Third Street and is composed of the wife, a son in the Navy, two sons at home and one daughter.

Mr. Zumpf announces that Superintendent Lester and his working crew will continue with the newly formed organization.

Cardiac Care Classes

Nurses at Glades General Hospital have been invited to a special program, "Intensive Cardiac Care," to be presented Tuesday, Nov. 16 at Good Samaritan Hospital, West Palm Beach.

The Heart Association of Palm Beach and Martin Counties is sponsoring the program for nurses on new advances in cardiac and cardiac equipment," said Dr. Sidney Davidson, Lake Worth, chairman of the Association's professional education committee.

"Early signs of potentially - dangerous situations to the acutely-ill patient will be reviewed."

Dr. Imogene Walston, R. N., and Mrs. Helen Moore, R. N., from Mt. Sinai Hospital in Miami Beach will discuss medical and surgical intensive care units at that hospital.

Illustrated lectures will be given by Dr. Donald Hooper, anesthesiologist at Good Samaritan Hospital; Dr. Fred D. Holford, Delray Beach cardiologist; Mrs. Dorothy Barten, R. N., In-Service Nursing Education Director at Good Samaritan; and Enoch Sprague, consulting engineer.

Dr. Holford and Miss Marion Brown, R. N., are program coordinators. More than 250 nurses attended the cardiac nursing seminar presented last year by the Heart Chapter.

Caroline Atkinson Crowned Junior Miss Belle Glade

Twenty-five girls competed in the Junior Orange Bowl Preliminaries held here Saturday night at the Community Center, vying for title of Junior Miss Belle Glade, and hopeful for a chance to reign as Orange Bowl Queen for 1965-66.

Appearing in trim cotton dresses, the girls were judged for looks, wholesome, good looks and personality.

Miss Caroline Atkinson daughter of Mrs. Evelyn Atkinson and the late Johnny Atkinson was named Junior Miss Belle Glade, with Shari Smith, daughter of Mr. and Mrs. Rex Smith and Cheryl Busbin, daughter of Mr. and Mrs. Herbert Busbin, runner-up.

In the top ten were also Denise Swain, Pandora Busch, Donna Kay Connell, Debbie Hill, Diane Fucilli, Susie Royal and Rosanne Wood.

Caroline was presented the Miss Belle Glade trophy by Contest director, Mrs.

Pat Anderson DeVos, and an armful of red roses by Alice Mixson. Yellow rose arm bouquets were given by Mrs. Mixson to Shari Smith and Cheryl Busbin.

Here from Miami, Mrs. Robert S. Seitz, chairman of the Junior Orange Bowl Queen Committee, stated this was one of the nicest such events she had attended, and she tries to attend them all.

Piano music by Kathie Ferguson provided background for the event. Greg Jones assisted the girls up and down steps to the stage.

Miss Julie Harris, wearing her long white Queen's gown and tiara from last year's Orange Bowl event, crowned the new Junior Miss Belle Glade. She was presented a white corsage from Mrs. Mixson.

The three top girls will go to Coral Gables to compete in the finals for Orange Bowl Queen. Each of the 25 girls who entered the preliminaries, will be given an invitation to attend the Coronation Ball.

C & SF FCD Functions During Heavy Rains

During and after the recent heavy rains in Palm Beach County, Canals of the Central and Southern Florida Flood Control District handled excess waters with little difficulty.

Levels in the West Palm Beach Canals, for example, at no time reached dangerous or serious stages. The maximum stage at the West Palm Beach Canal at U. S. Highway 1 was 8½ feet Sunday evening compared to a 1960 maximum of over ten feet, said Ed Dail, Executive Director.

No water backed up into any of the lateral canals from FCD canals.

The Flood Control District took the water as quickly as it was delivered by county works, by private individuals, and by the Lake Worth Drainage District.

The stages at Twenty Mile Bend on the West Palm Beach Canal did get up to fifteen feet; however, a great deal of that water was and is still being, pumped into storage in Con

As a spur to the hopes of those interested in having room for audio-visual materials in a new library building a gift of 60 long-playing monaural records from the Columbia Record Company was received this past week.

Wayward musicals, and classical selections make up most of the wind-fall. Artists represented include Eugene Ormandy, Eileen Farrell, Bruno Walter, the Mormon Tabernacle Choir, Rosalind Russell, Isaac Stern, and many others. They perform the works of Rogers and Hart, and Max Lerner as well as Bach, Stravinsky, Mozart, and Handel. And others.

Also newly arrived are additional drawers for the Card Catalog. The Library Staff is ordering printer cards for non-fiction books with emphasis on providing a subject file for the collection. At present the Card Catalog contains only author or title cards. Mr.

Dorothy Jones, of the High School Library, is assisting with this major project.

Among new book titles received are these:

A SHIP CALLED HOPE. Walsh.

A heartwarming story of the HOPE, the hospital ship staffed and stocked as a peace-time, international people-to-people health program headquarters. The many problems the ship had and how they were worked out, make fascinating reading.

LETTERS TO MALCOLM: CHIEFLY ON PRAYER. Lewis.

The author of SCREW-TAPE LETTERS gave to his readers the benefit of mature reflections in this small book. The warmth of letters written to a friend radiates out to all who read them. They provoke thought KENNEDY, Sorenson.

This biography of President Kennedy has made headlines. If it is art, this can hardly be unexpected. Sorenson himself says, "An impassioned participant cannot be an objective observer."

It is 783 pages long. THE SECRET OF D-DAY. Perrault.

The work of a French journalist, this translation will hold you glued to your reading desk. It pays particular attention to spies and spy-hunters, and to the clever ruses that were employed, as though it were all some giant game, with generals and resistance workers the knights and pawns.

YOC Office To Open In WPB

Secretary of Labor W. Willard Wirtz announced today that Ft. Lauderdale, Jacksonville, Orlando, Pensacola, Tampa, and West Palm Beach will have new Youth Opportunity Centers (YOC) established in the very near future. This is in addition to the YOC now in operation in Miami.

Youth Opportunity Centers serve all youth and will provide special counseling and guidance services for the disadvantaged. Expansion of the Centers will create a number of new positions within the Centers, State Employment Service youth programs, rehabilitant services and will expand local public employment service offices.

A number of the key positions will be filled by college graduates with master's or bachelor's degrees in fields related to counseling. They were trained in a special 12-week academic course given by the Department of Labor's Counselor-Advisor or University Summer Education Project (CAUSE II) and on the job training in YOC's or local public employment service offices. Community workers who are non-college graduates have also been trained by the Department for outreach work at the YOC's.

With emphasis on increasing the employability of youth, the Centers also serve as a coordinating point for a number of the war on poverty programs, including the Community Action Programs, the Neighborhood

Ladies Enjoyed Crisp Cool Mountain Air

Four ladies from Belle Glade had a marvelous time on a trip recently. Mrs. Ruth Stein, Mrs. Charles Sanders, Mrs. Sally Stein and Mrs. U. W. Malcom from Moore Haven took off on a Saturday A. M. spent the night in Griffin, Ga., went to church in Stone Mountain Ga. on Sunday A. M. and traveled on to Knoxville, Tennessee, where they visited relatives of Mrs. Stein.

The weather was crisp and clear and they drove on by skyline drive down thru Gatlinburg, Tennessee to Sylva, N. C., where they stayed at Ruby Kirk's home on Lake Glenville.

Hiking in the woods, fishing, touring through the mountains & on the skyline drive was enjoyed immensely by all. They missed the snow but did see icicles on the mountains from melted snow. Ed Thompson took them sightseeing all around and into South Carolina.

After about 11 days of having fun and a grand trip they came back to Belle Glade.

This teasing remark was heard in an oil painting class as adults sat and painted a still life of apples. The course, in its fifth year, is taught by Mrs. Henry O. Earwood at Belle Glade High School every Monday night from 7 to 10. It is part of the Adult-Veterans' Education Program of Palm Beach County.

The class, divided into beginners and advanced students, is made up mostly of housewives, from those with tiny tots to grandmothers. Many come because they especially like to paint. Some come because it is a relaxing diversion. One student's husband insists she get away from the house and children one night a week.

Although there are 22 in the class, Mrs. Earwood gets around to help each student every class period. Sometimes she will explain a point by sitting down at the easel and painting. (She is a well-accomplished painter herself.)

One beginner, Ann Tyler, has serious hopes of becoming a portrait artist. Another, Dolly Hand, would like to be able to give a picture to someone who will hang it all year round and not just when she visits them. Advanced students have been successful. Mrs. Bernard Painter traded "A Bouquet of Pink Roses" for a French poodle, and sold another oil. She has decorated her home and painted pictures to go with the color schemes of the rooms.

Mrs. Howard Burdine is doing a large magnolia and hopes to give it to the hospital.

Mrs. William Thibault did "Christ Knocking at the Door" and hung it in his real estate and insurance office.

Mrs. Dan Carpenter of Pahokee has taken a special interest in art. While touring Europe she watched

many outdoor artists. Some painters told her the years they had been working on the painting they were doing. She believes we do our paintings too rapidly.

Most women students agree that, next to their teacher, their husbands are the best critics. And supporters, too. They take a special pride in seeing their wives doing something creative outside the home.

Beginners and advanced students alike look forward to the annual display of the countywide showing of oil paintings to be held in the spring. There is also a local showing.

How does Mrs. Earwood feel about her adult oil painting class? "Anything you do to make people enjoy life is rewarding."

The Accutron Story

Old-fashioned balance wheel is still used in all wind, self-wind, and electric watches. It is not used in the Accutron movement.

Don't call it a watch. All the parts that make a watch fast or slow have been left out. (The Accutron movement doesn't even tick. It hums. Hold it to your ear. It's eerie.)

But what kind of time does it keep? Here are 2 statements that no regular watch has ever dared make:

1. Accuracy is guaranteed within seconds a month—which averages out to about 2 seconds a day.

2. And what's more, this is the accuracy this timepiece will keep for life.

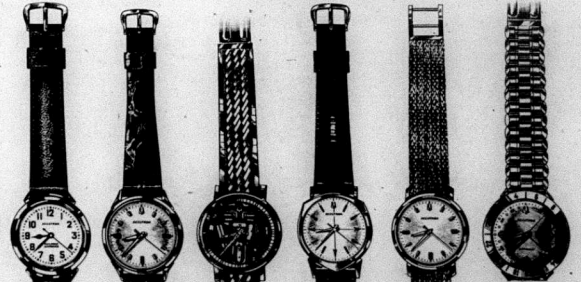

Accutron tuning fork keeps virtually perfect time and comes with the first guarantee of accuracy ever given.

The secret lies in the vibrations of a fine tuning fork. 360 of them a second. (A regular watch only splits a second into 5 parts.)

This principle not only accounts for the time the Accutron movement will keep. It also frees this timepiece from all the mechanical changes that occur to a regular watch.

In short, you can forget about the usual cleaning, bills and the cost of new parts—just as you can forget checking your time to see if it's right.

(Owners have even told us they find it a little strange, being this sure of anything these days.)

SUNDAY IS A HOLIDAY AND A HOLY DAY

Nov. 11, 1965 THE HERALD, Belle Glade, Fla. Page 5

Church of God Back In Rebuilt Sanctuary

The Belle Glade Church of God has moved back into their new Sanctuary after completely remodeling it.

There is little that resembles the previous church built a quarter of a century ago. The remodeling inside includes central air conditioning and heat. A suspended acoustical tile ceiling, complete sound system, new carpeting, and all fluorescent lighting.

The church is now in revival with Rev. Ron Peoples as the Evangelist. The services are well attended and a cordial invitation is extended to all to visit the church and the revival.

November is National Sunday School Enlargement month. The theme this year is (Beyond These Walls A Challenge to Reach out beyond the walls of the local congregation and reach the unchurched and unsaved. This to be done by Enrollment, Enrollment, Enrollment, and Enrollment. Homecoming and Dedication Day is November 28th. Sunday School goal is 200 or more on this day.

S. S. Class Honors Couple Moving Away

The Friendship Class of the Methodist Church have, since September, held a social "getting acquainted" in Jameson Hall or someone's home. The socials have been moving to Key West, Fla., enjoying a short visit with her sister-in-law, Mrs. Joe Freeland.

Completing the preparations and clean-up for the affair were Mrs. E. M. Van Landingham, president, Mrs. Robert Hooker, Mrs. Wayne Baughman, Mrs. E. A. McCabe, and Mrs. Luther Jones.

Flemish and Japanese Arrangements Demonstrated To Garden Study Club

Mrs. Otis Shumate, artist, lecturer and demonstrator of the art of flower arranging, who, last Wednesday, held entrained the members of local garden clubs at the clubhouse in McDonald Park.

Mrs. Shumate explained the heritage of flower arranging handed down from olden Japanese Buddhist priests up to the present day of modern styles, demonstrating all the while by making beautiful arrangements as she talked.

After a sandwich lunch, with coffee and cake, served by the hostess club, the Garden Study Club of Belle Glade, Mrs. Shumate explained the intricacies of making the very popular "Flemish" arrangements, at Jones.

Homecoming Dinner Enjoyed By Over 325 At South Bay

The First Baptist Church of South Bay's 37th Anniversary-Homecoming was a great success according to Pastor, Rev. James A. Fen-

A large crowd was on hand for the Sunday evening service when Rev. Bill Oswald of the First Baptist Church of Zephyrhills, Florida brought a message to the church on "Consecration." Many walked the aisle accepting the invitation given by the former pastor.

More than 325 enjoyed the Homecoming Dinner on the grounds after the Morning Worship service. Rev. L. C. Woolridge, a former pastor of the church brought the message of the morning hour on the subject, "The Plan of Salvation." The church was packed for the service with the church choir furnishing special music: "Have Thine Own Way, Lord."

Chapter Hears Library Panel

A panel discussion concerning the proposed new city library to be built in the City Park, was the program of a recently held meeting of Beta Xi Chapter of Beta Sigma Phi at the home of Mrs. John Grady.

Members were asked to bring gifts for the mental patients at Hollywood, to the next meeting. Following the meeting guests enjoyed a social hour and refreshments.

Mrs. Dulany Speaks To WSCS At Lake Harbor Methodist

Mrs. John A. Dulany was guest speaker of the Woman's Society of Christian Service of Lake Harbor Methodist Church, Monday night. Introduced by Mrs. A. B. Mathis, she spoke concerning women's service to God through the channel of His Church, and the Church's mission in the world of today.

She pointed out that traditionally the general attitude of the Church has been that women ought to be treated differently than men. However, the image of women in the Church today, has been gradually changing in various denominations. Mrs. Dulany also gave her own testimony as to her "call" to preach and serve God and her fellowmen, in the Church and the Community.

Mrs. Dulany received her local Preacher's License from the Florida Annual Conference of Methodist Churches, last January in the Community Methodist Church, with the Rev. W. R. Boland, pastor, making presentation of the license, following the ceremony of "laying on of hands" which is a symbol of Dedication in the Christian Ministry.

She is continuing with her Ministerial Studies through the medium of the Department of Ministerial Education of The General Board of Education of the Methodist Church, Nashville.

CHRISTIAN SCIENCE RADIO SERIES "THE WAY OUT OF ALCOHOLISM"

Read Jeremiah 1:8-10; 1 Peter 1:3-9
The Lord said unto me, Say not, I am a child; for thou shalt go to all that I shall send thee, and whatsoever I command thee thou shalt speak.

—Jeremiah 1:7
THE strong current of the river Nile flows northward, but the prevailing breeze in the Nile Valley is southerly. This fact made possible the great development of civilization in Egypt four thousand years ago. River traffic depending on the current of the river can move only northward; but a southbound ship can head against the current by simply raising its sail and drawing on the unseen power of the prevailing wind.

Jeremiah felt that the forces ranged against him were greater than he could face. He cried out, "Al, Lord God behold, I cannot speak; for I am a child." But God showed Jeremiah that he had other strength — God's — on which to rely.

When the current seems strongly set against us, we also have access to God's strength. By raising the sails of faith, we lay hold on the powerful sweep of the winds of God's power.

PRAYER: Our loving Father, help us this day to put our trust in Thee, to seek Thy strength. As we face the day, grant that we may lay hold of Thy power through Jesus Christ, our Lord. Amen.

THE CHURCH FOR ALL ALL FOR THE CHURCH

"The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four solid reasons why every new citizen should attend service: (1) For his own sake; (2) For his children's sake; (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily."

BY THE OLD TIMER

From Mrs. Janet Foust, Sonestown, Pennsylvania: When I was a small girl, the greatest thrill I had was going to Granny Sweeney's farm and riding the bobbed car or in the light buggy, being pulled by Fred and Doll, the big team of Western horses my Uncle Charlie worked on the farm.

The spring and fall driving trough was always an interesting place to play as it had crayfish and bullfrogs and was visited by all the farm animals, including ducks, chickens, horses, cows, and sometimes even grumpy sows and their baby pigs.

Best of the summerimes was hay-making, when all the big kids and relatives came to visit and were handed a pitch fork and invited to help pitch hay in the field. We'd climb aboard the load of hay for a ride to the barn and watch as Fred and Doll were used on a rope and fork lift to pull the hay to the mows high in the barn.

There was such delicious food, most of it grown in the garden of fresh ham, potatoes, butter beans, buttermilk and slices of homemade bread spread with apple butter.

These I remember best on Granny's farm, some thirty years ago.

Southern Bell Adjusts Wage Scales

"The Southern Bell Telephone Company and the Communications Workers of America, in collective bargaining begun October 18, signed an agreement Friday on wage change affecting 60,000 non-supervisory employees in nine states," said E. F. Reddy, District Manager for Southern Bell in West Palm Beach.

The agreement, subject to union membership ratification, in cludes a general wage increase ranging from \$2.00 to \$4.50 a week, depending on job and town classification of the employee. In addition, certain jobs were upgraded and a number of towns reclassified to higher wage zones.

"The annual cost of the wage-level increase and other contract changes to Southern Bell in Florida will be approximately \$3,400,000," Reddy said. Annual cost in the nine Southern Bell states will total about \$16,000,000.

Southern Bell's Personal Vice President W. A.

Thompson of Atlanta said, "Our studies made recently of wages in the area we serve showed the increases to be justified. They are in the interest of the best service to the public since it is essential to have the services of well-qualified employees."

Approximately 13,000 non-supervisory employees of Southern Bell in Florida and the Palm Beaches will be affected.

States served by Southern Bell are Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

According to Charlie Leonard, local manager, the Glades area was reclassified to the same wage schedule as the rest of Palm Beach County.

Successful Games Party Adds To Library Fund

The Civic Center was the scene of a benefit games party, sponsored by the Woman's Club of Belle Glade last Thursday. The event with 20 tables in play was reported most successful. The proceeds go towards the furnishings for the new library.

Individual tables were decorated in an autumn color theme with brown cloths centered with yellow hibiscus and Clarissa Plum. Mrs. Bernard Painter assisted in making the hand painted tables.

The serving table was

highlighted by a lovely cornucopia fruit arrangement in fall colors, a conversation piece, made by Mrs. A. B. DeGraw.

Mrs. Bert Roemer, chairman of the event was assisted by Mrs. Sera Shera Smith in presenting the lovely gifts, floral arrangements and favors, were graciously donated by local businesses in the city.

A cake raffle also added to the benefit library fund, with four club members donating the cakes.

The hostess committee was composed of Mrs. Jean Bacon, Mrs. E. B. McDaniels, Mrs. Sera Shera Smith, Mrs. Larry Royal, Mrs. John Whittemore and Mrs. Douglas Thompson.

Iota Epsilon To Assist Library Project

Iota Epsilon Chapter of Beta Sigma Phi Sorority held a business meeting and Cultural Program, on Monday evening, November 8.

Before the program and business meeting took place Mrs. James Chamberlain, Chapter President, introduced Mrs. J. A. Winchester, of the Belle Glade Woman's Club, who gave a brief talk on her club's project of assisting in furnishing the new library when it is completed.

She told of the great need for a new library, and how we can assist in this Community Project.

The Art of Thinking was the title of the Cultural Program for the evening. Mrs. Ron Kirkman introduced Mr. Vince Marquess, Assistant Principal of Belle Glade High School, as the guest speaker. In true "School-teacher" form Mr. Marquess tested those present on their ability to "think." Everyone thoroughly enjoyed the interesting way this program was presented.

A business meeting was conducted following the program.

The Budget for 1965-66 was read and approved.

The Service Committee reports that a State project of Beta Sigma Phi, is to furnish gifts for mental patients at Christmas time. The chapter is to give gifts to the South Florida State Hospital in West Hollywood, Florida.

The Chapter will also sell tickets on a General Electric COLOR Television, the drawing for which will be held on December 18, at 8:00 p. m. in front of Lake Shore Appliances on West Avenue A. Donation will be \$1.00 per ticket, with proceeds going towards furnishings for the new City Library. The television set will remain in the window of Lake Shore Appliances until the night of the drawing. Tickets will go on sale Wednesday, November 10, and may be purchased from any member of the Iota Epsilon Chapter.

There will be a Bake Sale this Saturday, November 13, as a Ways and Means project. Beginning at 9:00 a. m., members will be in front of the B&B Supermarket and the new Kwik

South Bay Lions Hear Candidate For Dist. Gov.

The South Bay Lions Club met on Thursday evening at the Holiday Inn on State Road 80 with Don Scruggs acting as President due to the absence of Mr. Franklin Kelley, president.

Jack Jones of Deerfield Beach was present along with five men from the Deerfield Beach Lions Club. Mr. Jones spoke to the group as he is running for the office of District Governor of District 35 D. of the Lions International.

Check store.

Plans were completed for attending the Florida-Miami game in the Orange Bowl, on Saturday, the 20th.

Refreshments were served following the meeting.

Mrs. Mike Wilson was hostess and Mrs. Petie Kirkman served as co-hostesses.

SHUFFLE ALONG . . .
Going where the shuffle is. Pauline Schaeffer shuffleboard along "shuffle" style on a pair of water shoes. Actually, the pretty Miss was just shuffleboard around Cypress Gardens, Fla.

Shift Change
The reason ship bells ring every half hour is because in the old sailing days helmsmen were changed at this interval. The bells were rung to call the new man to duty.

Spread It
To make ground meat go further, mix it with bread or cracker crumbs, cooked rice, or oatmeal. Add milk to moisten.

About Land
About one-fifth of the land area of the 50 states is cropland. And, more than 80 per cent of the land area in the 50 states is privately owned.

BGHS Band Hosts Marching Contest

Fourteen area high school bands will strut on the local football field Saturday evening, November 20th, commencing at 7:30, in a contest of marching perfection.

Four judges from the Florida Bandmasters Association will officiate. The public is invited to attend to cheer on our own in their efforts for a superior rating.

There are expenses to such an event by the host, and a charge of \$1.00 will be made. Any member

the band will sell you a ticket, or any parents will see that you are supplied.

Mrs. Helen Alsbaugh for mer resident of Belle Glade and her sister, Mrs. Stella Bayliss have moved from Harrisburg, Pennsylvania and are now residing in Miami.

Suncoast Conference News

The stage is set for the football game of the year in the Eastern Division of the Suncoast Conference. Vero Beach, with four conference victories, plays Seacrest, unbeaten in three league games, Friday night at Delray Beach.

True, each team has more Suncoast Conference opponents remaining but chances of either team even sharing the title after a loss Friday night are greatly diminished.

Vero Beach, 6-2 over-all, has only arch-rival Dan

McCarthy Thanksgiving Eve to play after this week. The Fort Pierce Eagles are winless in five division games and 1-7 for the year. After this week, Seacrest still play dangerous Forest Hill (3-4) Nov. 19 and rival Lake Worth (6-2) Nov. 24. The Seahawks have a 6-0-1 over-all record this year.

Field goals could decide the game Friday night. Mike Tittle of Seacrest has six this year; Terry Cobb, Vero Beach, three. Prior to this season, no boy in con-

ference history had ever booted more than one in one year. Also breaking the old record is McCarthy's Jack Hebb, who has two so far.

In the Western Division, Belle Glade and Pahokee are expected to continue their drive to a championship showdown Nov. 24. Each is unbeaten in four division games. Belle Glade hosts Stuart (2-5) and Pahokee visits Boca Raton (3-5) Friday night. Playoffs between division winners.

In an inter-division game which does not count in the standings, Forest Hill will be at Jupiter.

Four Suncoast teams will play host to non-conference opponents. Sarasota River-view (5-2) is at Palm Beach; Fort Myers (5-2) at Dan McCarthy; Avon Park at Okeechobee and North Fort Myers (0-7) at Clewiston.

In conference games last weekend, John Henderson and Pat Gilbert scored touchdowns in the third quarter as Belle Glade overcame aroused Jupiter 13-7, two placements by sophomore Joe Anderson were the difference as Lake Worth edged Riviera Beach 14-13, and reserve quarterback Mark Sipperly directed Forest Hill to a pair of second quarter touchdowns as Forest Hill escaped the Eastern Division basement with a 13-3 victory over Dan McCarthy.

Vero Beach and Seacrest won easily in inter-division games against neighborhood rivals. Cobb scored a touch down and kicked three extra points and Jimmy Warren made two touchdowns, one on a 91-yard kickoff return, as the Indians beat Stuart for the 24th straight time, 24-0, and Tom Jones and Jerry Nebel made two touchdowns each as Seacrest routed Boca Raton 50-0.

In non-conference games, quarterback Steve Lindsley threw three touchdowns passes and ran for the fourth as Palm Beach outlasted Boone 26-20 in Orlando Saturday night; and on Friday, Okeechobee's second touchdown of the year enabled Brahman to tie Moore Haven 6-6, and unbeaten Fort Lauderdale Nova beat Clewiston 26-13 for its seventh straight victory. Dick Campbell scored both Clewiston touchdowns on six-yard runs.

Glades Waitresses Offered Course

A meeting in the interest of training waitresses and hostesses in the Glades was held in Belle Glade Tuesday night. Mr. Norman Lemstrom, coordinator of Adult Distributive Education, presided. Restauranters present were from the Dixiana Grill, Glades Bowling Lanes, Old South Bar-B-Q, 441 Steakhouse, Sullivan's Drug Store, Cottage Grill, and Moni's Dutch Kitchen in Clewiston. Two classes have already been held on the coast and met with a big response; employers were waiting to hire students as soon as they completed the course. Restauranters were enthusiastic about the announcement of a waitress training course for the Glades. They agreed there was a need for further training for their present staff and TO ATTRACT NEW WAITRESSES WHO FEEL INADEQUATE AND ARE INEXPERIENCED. As Mr. Carroll Benson, Director of the Palm Beach County Chapter of the Florida Restaurant Association, put it, "The course will supply us with more capable personnel." The course will be given at the Dixiana Grill, registration and first class at 9 and 2 November 22nd. Class will be from 9 to 11 and 2 to 4 each Monday and Wednesday for five weeks. The only fee is \$2. Girls 16 or older and out of high school will be accepted. Students will be awarded a certificate at the conclusion of the course. Mrs. Linda Mira, a French lady and a former waitress in America, will be instructor. She is certified by State Department of Education. She has written and published an excellent booklet, "A Guide to Good Service." The course includes instruction in good grooming, table setting at banquets, team work, how to make suggestions, menu terms, serving procedures today, an "deserving special beverages." The waitresses at the meeting admitted that although they had been waitresses for years there are still some things they did not do "correctly."

J. L. Greer Fine After Surgery

James L. Greer entered St. Mary's Hospital, West Palm Beach Tuesday as his ankle was swelling real bad due to an old injury. Surgery was scheduled Wednesday a.m. and Mr. Greer came through the operation just fine according to a message received by his son Fred Wednesday afternoon. Mrs. Greer spent the night with her daughter, Mrs. Esther Quirk in Lake Worth and was with her husband during the operation.

A Message Of Appreciation

To the dear ones who wrote, telegraphed and telephoned messages of hope and encouragement during those few days Jake was alive in Lakeland General Hospital.

To the ones who drove all those miles to stand in his room or to take turns sitting in chairs out in the hallway waiting to take their turn to lift Jake to ease his coughing and to give me help in his nursing care.

To the neighbors, friends and church families who welcomed a new widow and her three daughters back to their home after the expiration of husband and father.

To the senders of many beautiful floral places to the church services and floral arrangements to brighten our home.

To the good cooks who brought food that we all could gather here together for a bountiful meal and offer grace to God for His kindness.

To say thank you one and all.

Belle Glade Halloween Carnival Real Success

Despite wet weather at a most inopportune time, the PTA Carnival was a real success. The committee reports a total of \$1,443.00 in receipts, of which about \$800.00 will be profit. In addition, the carnival was enjoyed by all the children who attended, and this is the primary reason for the carnival. The auction was not held, due to the rain, but it will be held at a later date. Everyone is urged to attend this auction, and bid

on the many worthwhile items such as a weekend for two on Riviera Beach, a pony, a steer, and almost 100 other items. The members of the committee take this opportunity to express their thanks to all the many citizens who helped to make the carnival a success. A record breaking crowd was in attendance, which attests to the fact that a lot of hard work and planning went in to the preparation.

Fla Strain of Santa Gertrudis Cattle Being Developed at Big 'B' Ranch

The Belle Glade Herald

The Glades' Most Productive Advertising Medium

A seed bed of St. Augustine was acquired by Big B so that the flow of plant sprigs might be continuous to the thousands of acres already planted and to be planted for the Santa Gertrudis herd.

Santa Gertrudis, the Western Hemisphere's first and only breed of beef cattle, and the first new breed in the world in over 200 years, will begin dropping calves in the Gladeslands soon, on Big B Ranch. The operation is under the experienced eye of Alvaro Sanchez, Jr., & within the confines of controlled practice developed by the breed's originator, King Ranch on Santa Gertrudis Coast, south Texas.

Foraging ability, resistance to common diseases of warmer climates and weight gain on grass alone were the characteristics sought by the Klebergs of King Ranch; these characteristics were found in the offspring of Monkey, a history-making bull of Short-horn-Brahman fusion, after a quarter of a Century of intensified mixture of science and range "cowlogy."

Monkey's great capacity of prepotence fixed characteristically in his progeny led to the official recognition of the Santa Gertrudis as a pure and distinct breed, in 1940.

Official Rate-of-gain feeding trials have established the "rate-of-gain on a per-day-age basis" of Santa Gertrudis comparatively superior to other breeds.

The grasslands of Kentucky's Colonel Bradley maintain the breed's "grass alone" characteristics; the rolling pastures of Pennsylvania range several thousand Santa Gertrudis, as do 21 other states.

Brazil and other South American countries, as well as the Islands and mainland countries of the Caribbean are fusing Santa Gertrudis blood into their beef herds. Altogether a dozen and a half foreign countries have the breed for important herd-building.

Some two million acres in Australia are now undergoing development for Santa Gertrudis herds under the combined sponsorship of the Government of the "Down Under" country and the King-Kleberg family traditions of more than 100 years.

Men of integrity, of unbounded energy, of family traditions steeped in historical accomplishment for community and country are combining their backgrounds in citizenship, professional knowledge, and continuous scientific study with Nature's Gift of Glade lands to establish a Florida strain of this country's only breed of beef cattle for Pride of Accomplishment & financial gain.

Alvaro Sanchez, Jr., a Harvard student has had successful managerial experience in his family's traditional high tonnage annual sugar production, beet production, including Santa Gertrudis, packinghouse operation and chain store retailing.

Mr. Sanchez, as an exile heading the Cuban families Committee for Liberation of the Prisoners of War, accompanied Mr. James Donovan several times to Cuba to effect the liberation of the 2,500 Brigade for \$64 million worth of medicines.

Mr. Sanchez is General Manager for Big B.

King Ranch — owned and managed by direct descendants of the King-Kleberg Clan — brings respect for the nutritious grasses of the Gladeslands, the government-state control of fresh water, and the successful control of deficiencies in minor elements of soil, the control of disease and insects. This respect is a lesson of over 100 years experience in Texas and in other "BIG" beef-producing area.

Improvement of the cutting horse has brought fame to the King Ranch Quarter Horse. The zeal for perfection has found winners of the Kentucky Derby the Preakness and the Belmont from the King Ranch stables, with many Texas fairs of the racing world.

Dairying has been a part of all King Ranch programs of improvement; quality dairy deer and other wildlife have been the conservation tendencies of King Ranch conducive to healthy propagation and maintenance of the strain.

Walter Bienecke of the family controlling the S&H Stamp industry has successfully evaded the importunities of news media to delve into the family's activities for publicity purposes. We have learned from sources outside, the family that the Marls of Big Money from Wall Street to Chicago, Denver to Portland and on to San Francisco respect the check book, and above all the Man when a Bienecke stops by.

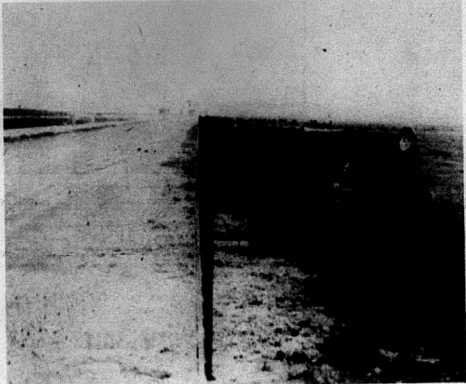

The Glades have gained in neighbors — from Cuba, from Texas and from the Airways of transcontinental America; for the records of these men assure us of big pluses in the virtues of friendliness, community consciousness, integrity and professional superiority.

Mr. Bienecke came to know Alvaro Sanchez as a member of the American Committee on Cuban Refugees, and placed him as Vice-President of Osceola Operating Corporation, the fee holder of 30,000 acres of Gladesland. The Osceola

Modern Ranch Road

The modern ranch rock road (each side of the main drainage canal) allows rubber-tired vehicular traffic to the pastures. Transportation's importance to the beef production industry was early realized by the King Ranch to the extent that a railroad was organized and built by them in the early days so that beef might be more easily sent to market. The King Ranch operations specify year-round roads throughout the ranges.

Corporation and King Ranch entered into a joint cattle deal, known as Big B, with Alvaro Sanchez as General Manager.

The announced purposes of the joint venture are to use commercial heifers of crossbred origin on King Ranch and purchase Santa Gertrudis bulls from the same source in an up-grading program that will eventually lead to a pure bred Santa Gertrudis herd on the Gladesland property.

The Glades...

An Agricultural Empire!

That part of Palm Beach County west of Twenty-Mile-Bend, generally accepted as "The Glades" part of the county, has a year-round population of approximately 40,000, according to published statistics and estimates based on telephones, water and light meters. These figures are added to during the harvest season through migrants from domestic and off-shore sources by approximately 7 to 8,000.

The population of the Glades is more than the combined population of Florida's nine smallest counties.

There are 43 Florida counties smaller in population than the Glades.

The non-exempt assessed valuation of the two hospital districts is officially \$243.5 million and this is The Glades area.

The Glades produces and sells table necessities—meat, sugar and vegetables—to bring an approximately \$100 million annually.

The agricultural payroll in the Glades is approximately \$45 million annually.

Reliable comparative figures would give the Glades as a governmental unit more area, more population, more assessed valuation, more gross income from production of foodstuffs, and more payroll than half the counties of Florida.

The Glades is in the area of Florida's predicted greatest growth.

The Glades enables Palm Beach County to maintain its record of gross agricultural income along with, if not ahead of, that of tourism.

Palm Beach County and the Glades as names are carried on more than 100 million items into markets and homes throughout the Nation, Canada and the Pan American countries each year.

Do such contributions deserve normal governmental cooperation and aids from Tallahassee downward? We think they do, and there is no more important item than modern roadways.

As connecting links for four-lane through traffic, US No. 27 has been brought into South Bay from the Hendry County line, and will be completed on to

Lauderdale and Miami, we are sure, despite the defeat of the \$300 million road bond program.

State Road No. 80 from South Bay to the east coast includes the most dangerous canal hazard in the state.

State Road No. 80 is crowded from October till June with those who make the trip twice daily to and from the coast; traffic is multiplied by tourists passing from one coast to the other; Glades folk visit the coast on business and pleasure.

The East Coast of the County had an opportunity to at least demonstrate its interest in this important segment of the county, but "NO," they said. They've demonstrated a negative attitude towards OUR needs over the years—many think we are a bunch of "hicks" living in a morass of gators, fish, turkey and other wildlife, and must be tolerated when we "get to the city."

A small percentage KNOW what's here, and a majority seem to care less!

The coastal area of the county we believe demonstrated also a lack of conception of THEIR OWN INTEREST.

How many tourists from No. 27 and 441 could be diverted to the coast on an inviting four-lane Florida No. 80?

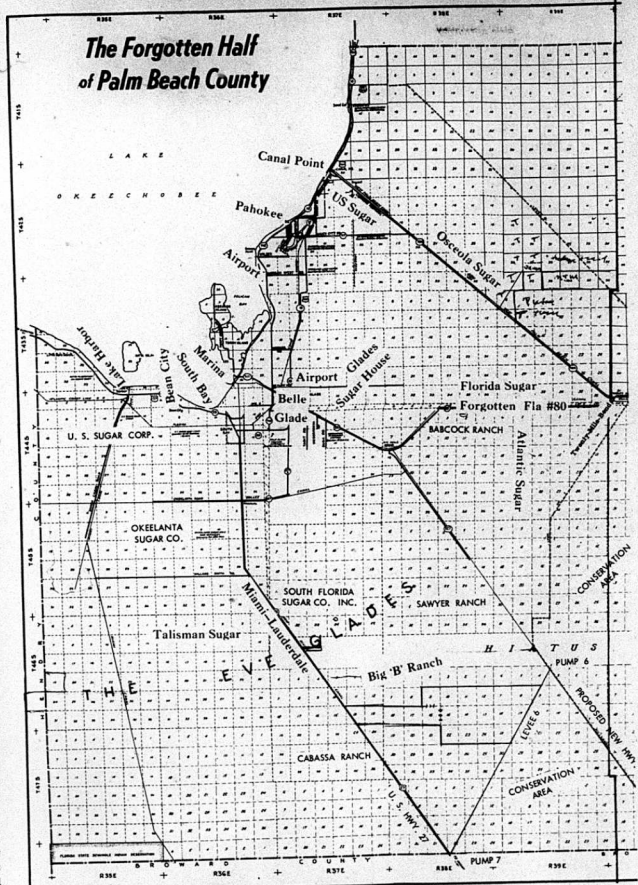

How long will the indifference be tolerated by Glades folk?

What will happen when a four-lane highway cuts the driving time from the Glades to Lauderdale and Miami?

What will happen if the Glades invites Clewiston to join us on the Southern and eastern side of the Lake in forming another County; and there are many who openly advocate that now?

The Glades has been built by Servants of the Soil who stand on their own feet. Service to the wealthy tourists brought down by Mr. Flagler demanded homes and commercial establishments, doctors, lawyers and other professionals up and down Olive and Dixie and tributary communities.

There's degree of servitude, but the difference

Why Not Sugar County?

THE GLADES (Sugar County) as a governmental unit would have more area, more population, more assessed valuation, more gross income from production of foodstuffs, and more payroll than half the counties of Florida!

does not preclude personal friendships, compatible business relations, community spirit and mutual helpfulness.

Even because we're a Democratic stronghold, shouldn't eliminate relations of mutual respect, and neighborliness!

Blood Donors - Let Them Give It All

Reports thru AP inform us that an anti-draft group want to send blood to the Viet Cong.

If that's what they want, we're for it — BUT we favor "letting" all the blood they have; turn the vessel up-side down, spill it all and discard the 30¢ worth of grease and bone left in the body!

Russell Kay says, and we second his sentiments: Over the years I have contributed to scholarships in colleges and universities and if my contribution has aided and abetted the ignorance and stupidity that is evidenced today on the oath of students in some of our finest institutions of higher learning I regret my action.

I fully realize that these idiots make up only a small part of the student body and I hope and pray that my small contribution played no part in creating such worthless and thankless creatures as those who are embarrassing their country, the universities and their friends and families by their irresponsible actions.

It is time that our universities and colleges cleaned house and shipped these poor dumb imbeciles and the professors who urge them on, before the nation

becomes sick at its stomach and turns against higher education as a whole.

Our courts also have a responsibility and they should sentence offenders who burn their draft cards and stand on the stump to scream treason, while far better men than they are defending their country on the battle front. Give the agitators the full punishment the law allows, and if our present laws are insufficient Congress should quickly pass new ones with teeth that will meet the situation.

"Impartial Justice"

FBI Director J. Edgar Hoover writes: "Experience shows that swift and impartial justice is one of the most effective deterrents to crime. Yet, swift justice, with all the technical loopholes and unwarranted delays in the law, is almost passe in several jurisdictions, and the rights of peaceful citizens are taking a terrific beat from the 'impartial justice' meted out in some courts. Crime causations are many and varied. Few, however, are more serious than misguided leniencies, including abuses of parole, probation, and suspended sentences. A young bank robber recently blamed such leniency for his turn to serious crime."

Being A Good Citizen

Even though you are not old enough to vote, you can practice good citizenship in school, just as your parents do in the community and nation. Being a "good school citizen" means that you do not make trouble for other people and that you do your part to help where you can. It means that you watch your behavior in school and at school events and that you cooperate with others and do your part in activities. In short, it means that you have good school spirit.

In The Classroom

The classroom is the heart of the school, the place where each boy and girl should get the educational experience for which schools were established. One single person in a class who lacks the right feeling can make things difficult for all the others. Certainly cooperation and other kinds of good citizenship are very much needed in the classroom. Here is a list of ideas to follow while in a classroom.

1. Get to work quickly when you come into a classroom. Have supplies ready before hand, so you do not have to disturb others after class begins by sharpening pencils, borrowing notebook paper, or asking futile questions.
2. Pay attention to the subject being studied.
3. Be quiet and considerate of others in the class. Good conduct includes making no unnecessary noise, such as whispering, whistling, laughing, writing or passing notes, or walking heavily up and down the aisles.
4. Do your own class work and homework! It is dishonest to copy someone else's work. A pupil who cheats is harming no one but himself.
5. Be courteous and considerate of teachers, and respect them even when you do not always agree with them.
6. Show courtesy to visitors. The way you act in front of visitors is a reflection on your family, on your class, and on the school.
7. Wait for the teachers to dismiss the class before leaving your seat when the bell rings at the end of the class period. Walk out of the door slowly. Pushing and crowdings are not polite or safe ways to leave the room.
8. Be particularly considerate of new pupils. Make them feel welcome and help them to get acquainted.

On The Corridors

If you are a good school citizen, you will be courteous on the on the corridors. Here are some hints to follow while passing on the corridors.

1. Follow the rules for traffic on the corridors that have been set up by the faculty and members of the student council.
2. Walk singularly on corridors. Three or more walking abreast block traffic.
3. Avoid pushing, shoving, running, or standing in groups.
4. Take your turn and stay in the line at the drinking fountain.
5. Avoid standing and talking in groups around the lockers.
6. Go up the stairs slowly and carefully. Running or shoving creates confusion and accidents.
7. Talk in moderate tones while on the corridors, close lockers carefully, and try to avoid any other unnecessary noises.

During Assemblies

It is not always easy to practice courtesy during assemblies. If the room is crowded or hot or the speaker is uninteresting to you, there is a temptation to talk to the person next to you. Here are suggestions to follow during assemblies or chapel programs.

1. When entering or leaving the auditorium, walk quietly and avoid pushing and shoving.
2. When seated in the auditorium, keep your belongings in your lap, not on the floor or in the aisle, where others may stumble over them.
3. Leave the assembly room in a quiet and orderly manner when you are dismissed.

Teachers Attend Educational Conference

On October 29-30, 1965, Mrs. Nancy G. Allen attended the Fourteenth Annual Conference for Florida Business Education Teachers at the Robert Meyer Motor Inn in Orlando, Florida.

The theme was, "Eliminating Poverty in Business Education by Resourcefulness." Information was given to all persons attending the meeting concerning the theme.

One of the main topics discussed during the meeting was the Economic Opportunity Act, which provides many interesting opportunities for youth, such as the following YOUTH PROGRAMS:

The Job Corps

The Job Corps is designed to prepare young people, age 16-21, for responsibilities of citizenship and increase the employability through EDUCATION, VOCATIONAL TRAINING, USEFUL WORK EXPERIENCE, SUPERVISED RECREATION AND HEALTH CARE services.

Work-Training Programs

The Work-Training Programs are designed to provide useful work experience opportunities for unemployed young men and women (16-21 years of age) through state and local agencies.

Student Of Week

Ethel Mae Monroe is being honored as Student of the Week. She is the daughter of Mr. and Mrs. David Monroe, Sr. Ethel is a member of the Senior Class. She was born November 13, 1947 in Americus, Georgia.

Ethel has throughout her years at Lake Shore maintained exceptional grades and has constantly appeared on the honor roll. She plans to attend Morris College in Atlanta, Georgia upon graduation to study medicine.

Ethel is affiliated with the marching and concert band and the Science Club. She is Vice-President of the Hazel M. St. Claire Chapter of the National Honor Society, and Treasurer of the Student Council.

WHAT WOULD LAKE SHORE HIGH BE LIKE IF ALL FRESHMEN:

Had a report card like Shirley Walker, Were as handsome as Daniel Parrish, Could dance like Chester Ellison, (boys) Were as intelligent as Rhed Monroe, Dressed like Christine Holloway, (girls) Could play football like James Freeman, Could dance like William Ruth Hill, Walked like William Harper, Girls had legs like Willie Deloris Florence, Were as courteous as John Miller.
If this were so, the Seniors of 68-69 would be the best Seniors Lake Shore High ever had.

Guess Who!

This student is a member of the 11-2 student. He has been a student at Lake Shore High for five years. His hobbies are racing and baseball. He can drive anything from a T-Motor Ford to a locomotive. His ambition is to become a professional baseball player. You can see why?
Who doesn't know our team's best shortstop, William Beaman.

Former Student Participates In Upward Sound Project

James Harris, a 1965 graduate of Lake Shore High was selected to be one of the participants of the Upward Bound Project at Florida A and M University, Tallahassee, Florida. Project Upward Bound is an educational remedial project, financed by the U. S. Office of Economic Opportunity. It is designed to help means of bridging the gap between high school and college level study for underachievers, identify & salvage potential leaders from among the disadvantaged, study new approaches to teaching, testing and evaluating deprived youth and to stimulate them to higher levels of academic achievement.

Project students were selected on a state-wide basis from referrals by public agency personnel. Students are primarily from rural communities. All are 1965 high school graduates who scored less than the minimum on the Florida Twelfth Grade Test, for unconditional admission to a state university. Also, these young people are from low income families and have limited cultural experiences.

The project involves two major programs: (1) a summer pre-college program—100 students and (2) a freshman tutorial program—150 students.

Personality Plus

How do you get along with others? Do your classmates like to be with you? Your answers to these questions will depend largely upon one thing: your personality.

You may ask yourself: "What is Personality?" Personality is that quality which sets each person apart and makes him different from every other person in the world. Your personality is made up of all the habits and characteristics that you have.

Sometimes you do or say things that offend others. These are often called "bad habits" that annoy or offend to more to spoil your personality than any other one thing. Get rid of annoying habits and your personality rating will climb upward.

The following people would have very nice personalities except for one outstanding habit:

1. Neal, the know-it-all. There is nothing you can tell him that he doesn't know already.

2. Mary, the borrower. She will ask you to lend her anything you have and she is careless about returning the things she borrows.

3. Carolyn, the giggler. She can't talk for giggles. She giggles at everything and nothing. Her loud giggles draw unwelcome attention to herself and her friends.

4. Lulu, the snob. She thinks she is better than anybody else. She goes on hang around with the "right" people and she won't speak or associate with you unless you happen to be "long."

5. Ruby, the cat. She makes "caty" remarks about your friends.

Do you see yourself in any of the above young ladies? If you do, please check your habits. If you do, then you have personality plus.

Patty Sue Bullock

Participants who were retained on the project and a group of new entrants accepted on the project at the university as a part of the 1965-66 freshman class. The project students have limited class records. During the freshman year, each is being tutored in the basic education courses in which he is enrolled. The project is supervised in remedial reading as a part of the

tutorial program. Programmed instruction, also, is used.

Educational tours and clinics, cultural enrichment programs, recreational activities, and counseling services are integral parts of the instructional program and reinforce the total living-learning experiences of the participants. Counseling and testing are interpenetrated throughout the to-

tal project. Counselors are a part of the teaching team. The counseling program involves an interdisciplinary approach, embracing all aspects of the participant's life experience. To the instructional program. At the end of the academic year, a detailed comparison will be made among three groups:

On Friday night, October 29, 1965 the Lake Shore Bobcats defeated the Greyhounds of Fort Pierce by a whopping score of 20-7. The Bobcats gathered their scores in the first half of the game.

Daniel Parrish scored the first touchdown of the game with a 8 yard pass from quarterback Charles Haynes. Daniel Parrish back again and scored with the help of one of our outstanding defensive lineman Henry Singleton who blocked a kick, placing the Bobcats in the lead with 12-0.

James Freeman scored the last touchdown with a 35 yard pass thrown by Haynes. The extra points were made by Freeman and Haynes.

This game gave the Bobcats of Lake Shore a 7-0 record.

Homecoming Game Tomorrow Nite

BOBCATS vs. VIKINGS
On Friday night, November 12th, the undefeated Lake Shore High Bobcats will go into combat with the John F. Kennedy Vikings for our Homecoming which had been scheduled for November 5th with the Greyhounds of Fort Pierce but due to uncontrollable circumstances had to be postponed until tomorrow night.

The Vikings have only been defeated twice this season. Their first defeat was to the Blanche Fly Tigers of Pompano and their first defeat in the conference was to the Greyhounds

of Fort Pierce who also were undefeated in the conference until last Friday night's meeting with the "Mighty Bobcats" whom they obviously underestimated.

The Bobcats who are still undefeated have scored 200 points in 7 games and only twenty-seven points have been scored on them. The Bobcats are leading in the conference, and according to statistics are leading in rushing yardage passing yardage, defense, and are rated second in the state.

Everyone is invited to come out and cheer the boys to victory.

Mind Your Manners

Teenage is date age. Dating raises all sorts of questions. No one likes to feel that he is either a second choice or a last resort. For this reason, invitations should not be given at the last minute except in case of an emergency, and then the reason should be explained. A boy should always call on the girl. If he is going to be delayed, he should call her if it is possible and let her know. He is certainly expected to call for her the first time he takes her out so that her parents may have an opportunity to meet him. This means that he should not sit outside in a car, tooting the horn, announcing his arrival. A boy will certainly be rated high in good manners if, after meeting a girl's family, he volunteers the information as to where he is taking her and what time he will bring her

home. In fact, if this information is not forthcoming, the gri should ask. It will save the young people (and the adults) the embarrassment of forcing the parents to ask. There is nothing old-fashioned or out of place in parents expecting this information.

Complete Bulova Accutron Course

Mr. Charles A. Cox of Charles A. Cox Jewelers, and his watchmaker Mr. Norris Smith, have graduated from the Accutron course in electronic timekeeping conducted by the Bulova Watch Company recently in Miami. The program is designed to train professional watch makers in the servicing of the Accutron electronic timepiece, the world's

first and only electronic timepiece for wrist use.

"The new transistorized timepiece uses a tiny tuned-circuit as its frequency standard," Mr. Cox said. "The fork vibrates 360 times a second, or 31,104,000 times each 24 hours, offering an accuracy of plus or minus two seconds a day in actual wear on the wrist. Power is supplied by a cell

Group Attends Area Library Meeting

Mrs. Betty Harris represented the Belle Glade Library at a state area library meeting in Lakeland on November 4 devoted to the topic of better citizen participation in library affairs.

Also attending the lectures, and panel discussions at the Lakeland Civic Center were Library Board chairman, Mrs. Joseph R. Orenigo, and Board members, Mrs. Homer J. Hand, and Mrs. Theron Casselman. The meeting was one of five scheduled to be held in different sections of the state during the week. Among the speakers were Mr. F. William Summers, Florida State Librarian, and Mrs. Virginia Young, of Columbia, Missouri, author of the book, *THE LIBRARY TRUSTEE*.

Mr. Cox explained that the revolutionary timepiece is not a watch, though all wrist models are watch-size. Servicing requires special training, he added, because the electronic mechanism does not use any of the components found in the traditional watch movement.

The Accutron mechanism is now used in timers aboard orbiting space satellites, as well as for more than 100 other non-consumer space, research, industrial and defense applications. Consumer models total 77, including women's pendant units and clocks.

These Accutron timers will be aboard Project Apollo's Lunar Excursion Module (LEM) that is scheduled to land the first U.S. Astronauts on space missions.

Graduating from the Accutron course for jewelers and watchmakers will enable Mr. Cox and Mr. Smith to give immediate service on the Accutron timepiece.

Bank Of Pahokee Mails Christmas Checks

Mr. Mock, President of the Bank of Pahokee, says that this distribution of over \$5,300.00 in Christmas Club Savings (accounts ranging from 50c per week to \$5.00 per week) to 79 persons will assure many persons of having that needed extra cash for their Christmas shopping. This is the first year that Bank of Pahokee has offered this new service. We feel that the Christmas Club savings program was a success and that it will be even more successful as more and more people realize that the Bank of Pahokee is offering this easy weekly savings system. The Christmas Club Money is mailed to the savers each year before the middle of November, in plenty of time for their Christmas shopping.

4-H Surfers Work On Projects

The meeting of the 4-H "Surfers" was held as scheduled on November 3rd. Marion Morris, in her 3rd year prepared a sponge cake from recipe. Sheila Watson, in 1st year made a white cake from a mix, decorating with frosting mix and adding M. & M's. The girls were assisted by Mrs. Alice Rigdon.

Angela Cook, Linda Cook and Janice Kelly were assisted by Mrs. Jeanne Lee with their first year skirts and blouses.

As the recreation project, Alice Lamb weaved pot holders. Kim Bass, Julie Clark, Mary Lee, Diane Hickman covered coat hangers with yarn for the room improvement and recreation projects.

Kathy Nehls, in her 3rd year, using pattern pinned and cut out a dressy dress. The leader, Mrs. Faye Bass appointed girls for refreshments and duties on next meeting November 10th.

Former Resident Cecil Russ Buried In Ft. Pierce

Cecil Russ, 69, of Ft. Pierce, formerly employed by Everglades Experiment Station, passed away last Tuesday. Services were conducted at Baird Funeral Chapel, Ft. Pierce at 3 p. m. last Thursday with burial in Hillcrest Memorial Gardens, Ft. Pierce.

Mr. Russ was a very fine person and had many friends in the Glades, having lived at the Everglades Experiment Station and was employed as construction engineer, for many years before going to the station at Ft. Pierce in 1950. He retired several years ago. He had worked with the Everglades Drainage District Drainage District for years.

Survivors include his wife Mrs. Cecil Russ of Ft. Pierce, (a sister of the late Joe Cherry, Sr., of Belle Glade) two sons and two daughters.

Attending services from Belle Glade were Mrs. Aleese Cherry, Mrs. Helen Browder, Mr. and Mrs. Frank Anderson and Mrs. Helen Richardson also Mr. and Mrs. R. W. Kidd, Dr. Allison and Mrs. Pauline Boydston. Mr. and Mrs. Joe Cherry, Jr., and family of Okeechobee also attended.

Gator Club Given Sewing Pointers

This week at the 4-H meeting, Carol Priest and Diane Welch gave demonstrations. Carol gave one on how to mark darts and Diane gave a demonstration on basting darts.

After these demonstrations were shown, everyone worked on their dress. The girls put the patterns out and basted the darts in.

Refreshments were served by Melinda Chancy.

The meeting was held at the home of Mrs. Don Sellers, leader. Reporter-Renee Vaughn.

Fine Arts Open House November 15 thru 17

Art lovers in the Glades area will be interested in the Fine Arts Open House to be held Monday, Tuesday and Wednesday of next week at the home of Jessie Freeling, 578 S. E. 5th St. Guests may call from 10 to 12 noon in the morning, 2 to 5 in the afternoon and 7 to 8:30 in the evening.

Miss Freeling, well known Miami Artist and musician will have on display a number of fine paintings in oil, watercolor, casein, pastel and black and white. She has won many blue ribbons in art shows and exhibits in Miami, her native home.

Recent exhibits of her work was viewed in Wometco theaters in Miami when they celebrated their 40th anniversary, in September.

In addition to her art work, Miss Freeling is a talented musician of both piano and vibraphone and also a soloist. Florida Landscapes are her specialty and she finds the Everglades ideal for the scenes she loves to paint.

Miss Freeling already has a class of piano students and will teach students on the vibraphone. She is planning to organize art classes for beginners and advanced students. Those wishing to contact Miss Freeling may do so by calling 996-3783.

Anyone interested is cordially invited to call during the open house at hours designated.

Two Local Youth Out Of Service

PFC Harold Royals and SP5 Broman Cumpston who have completed two years in the U. S. Army at Fort Gordon, Georgia were released Oct. 22 and are now back in Belle Glade.

Harold is the son of Mr. and Mrs. Jack Royals and Broman is the son of Mrs. Dorothy Cumpston. Both boys left for service at the same time and served the two years of service on the same base.
